Job Description:

Reporting jointly to the Operations Manager and Chief Pilot, the Cessna 206 pilot is responsible primarily for all aspects of a 206 flight on either a scheduled route, charter or sightseeing flight. This includes all pre- and post-flight responsibilities, keeping a clean aircraft, required administrative tasks and interacting with customers in a friendly and professional manner. When not flying, the Cessna 206 pilot is expected to help other crewmembers with their tasks, as expected of all our pilots. Some administrative and other tasks will be assigned as needed. The potential exists for extension throughout the winter months and/or upgrade to the DH2 Beaver pending satisfactory performance and an available position. We always try to promote from within. Out of fairness, however, we make no guarantee of extension or promotion.

Minimum Qualifications:

- Canadian citizen or landed immigrant, with the legal ability to work in Canada right now. (Sorry, we are unable to provide sponsorship to foreign visa applicants)
- Canadian commercial pilot license and seaplane class endorsement
- The following flight experience (please indicate your breakdown on your resume)
 - 500 hrs. total time
 - 400 hrs. total PIC time
 - 50 hrs. PIC seaplane time

Desired Qualifications:

- Experience on type and/or on aircraft with a constant speed propeller
- Underwater egress training, human factors for aviation and crew resource management training an asset
- Previous training for transportation of dangerous goods by air an asset
- Experience in a commercial seaplane operation relevant to the position
- General computer aptitude and a willingness to embrace electronic alternatives to paper
- Professional in appearance and manner
- Understanding and appreciation of First Nations culture and traditions
